Patricia: RADLER.

1. re ~~NAZZER~~. He's out of the office at a meeting with of an advisory committee to Vander Zalm but his secretary tells me he has no official status in the party, nor was he a delegate at the convention. He was there as a spectator.

However, he's actively involved in party activities, according to the secretary. And Ray mentioned ~~to~~ me when we first discovered Radler as a news source last May.

2. I'm delighted with your decision on appointing Jeff as news editor. He's a good newsman and a hard worker. Please congratulate him for me. Should I address copy to him from now on?

3. I have a story on Saskatoon's interfaith meeting Nov. 1 and will transmit it within the next hour or so. Nothing sensational but not a bad story. I'll try to keep it under 800 words.
